## **Requirements for 2007-2008:**

### *Service Project/Event Requirement*

Each representative will be responsible for coordinating at least one service project or event for his/her program. This may include projects and events for AmeriCorps Week, days of service (i.e., MLK Day), or other program-specific activities. Council members located in the same region are encouraged to work together. All representatives should complete a one-page summary of their service project/event, which must be submitted to the MCSC by July 31, 2009.

### *Two Outreach Presentations*

Each representative will be responsible for conducting two community outreach presentations in his/her community. Presentations will be made to increase community awareness of the local AmeriCorps program, its impact and service opportunities, as well as information about other National Service programs. ***One of these presentations must be to the disability community.*** The MCSC will work with representatives to identify appropriate organizations and groups for which to present. A general presentation format and training will be provided at the January retreat. Each representative will be responsible for scheduling, planning, and carrying out the presentations, in addition to submitting an outreach presentation report. All report forms must be completed and submitted to the MCSC by July 31, 2009.

### *Great Stories*

Each representative is expected to collect and submit at least three *Great Stories* that will highlight a special event or accomplishment of his/her program. The *Great Stories* must also contain language that describes Michigan's AmeriCorps and promotes the member's program as an opportunity for others to serve their community.

### *Serving as a Liaison*

Each representative must be active in representing his/her program during Council meetings, and in return, communicate information at each of his/her regular program meetings. *Council members must copy program directors on communications regarding Member Council conference calls, meetings, and other events that will require time away from day-to-day program activities.* A summary of key points will be provided for Council representatives to share at upcoming program meetings.

### **Unofficial Representatives:**

No program should have more than one representative on the Member Council, with the exception of a member serving on the Executive Leadership Team. *If a program does not have a member representative designated and in attendance by the January retreat, the program will forgo representation on the Council during that given year.*

### **Attendance:**

Member Council representatives are expected to attend each meeting. If a compelling circumstance arises, it is the responsibility of the representative to inform the MCSC liaison of his/her absence. It is the representative's responsibility to contact both the MCSC liaison and their Leadership Team chair to get an update on the meeting.

If a Council member has two unexcused absences from meetings/conference calls, he/she is no longer eligible to participate as a Member Council representative. For the remainder of the year, that member's AmeriCorps program will forgo representation on the Member Council.
